

Coach Supervision at Eighty20 Focus

“Coaching Supervision is the interaction that occurs when a coach periodically brings his or her coaching work experiences to a coaching supervisor in order to engage in reflective dialogue and collaborative learning for the development and benefit of the coach and his or her clients.” *ICF*

At Eighty20 Focus we offer executive and team coach supervision through one of our Partners, Ian Mitchell.

Ian holds a Post Graduate Certificate in Coach Supervision and a Masters degree in Coaching Leaders through Transition and Change; both from the University of Chester. He has wide experience in supervising coaches of varying levels of experience

Annual contract

- 2 X 3 hour Group sessions per annum (group of between 3 and 6 individuals)

- WhatsApp development group membership for peer contact, resource sharing and ‘emergency one minute supervision’ exchanges.

“The novice coach rapidly finds that their initial training often doesn’t equip them for the wealth of issues and dilemmas their clients bring to the coaching sessions. This is when coaching supervision becomes a vital source of support and development.

Coaching supervision helps the growing coach make sense of the issues they meet in coaching, ensuring that they maintain their resourcefulness and creativity.”
